

LIESKOVSKÝ FARMÁRIK

**LIESKOVEC
GRANULATED
POULTRY DROPPINGS**

A fertilizer suitable for vegetables, fruits, trees, and flowers

Organic fertilizer manufactured from classic poultry keeping waste. The pellet form allows for simple manipulation.

No weed seeds. Gradual nutrient release. It increases the proportion of humus in the soil, improving its structure and fertility.

Manufacturer: Poľnohospodárske družstvo (Agricultural Cooperative), Hrádocká 2718, 962 21 Lieskovec, Slovak Republic

Use: The fertilizer can be used for primary fertilization of the soil before planting or additional fertilization of crop, trees, and decorative plants all year round. Spread the fertilizer on the respective area evenly and mix it with the soil.

Dosage: before planting 1 — 2kg / 10m²
additional fertilization: 0.8 — 1.5kg / 10m²

Chemical and physical properties:

pH value	6.5 — 8.5
Dry matter content (%)	min 40.0
Burnable substance content in the dry matter (%)	min 50.0
Total nitrogen (N) content in the dry matter (%)	min 1.0
Total Phosphorus (P2O5) content in the dry matter (%)	min 0.5
Total Potassium (K2O) content in the dry matter (%)	min 0.5
Calcium (Ca) content in the dry matter (%)	min 1.0
Magnesium (Mg) content in the dry matter (%)	min 0.5

Dangerous substance content: The content of dangerous substances does not exceed the limits valid in the SR.

Guidelines for safety and health at work: follow the normal personal hygiene and occupational safety rules when working with the fertilizer. Do not drink, eat, or smoke! Use protective gloves and wash your hands thoroughly with soap and water after work.

First aid: Eye contact – rinse eyes with plenty of clean water. Accidental ingestion – rinse mouth with drinking water. Skin contact – wash skin with soap and water. In the case of allergic reaction or accidental ingestion, seek medical advice.

Package size: 3kg

Minimum expiration period: The product expiration period is 5 years if stored correctly in the original packaging.

Storage conditions: Store the fertilizer in the original and intact packaging in dry and ventilated storage.

Production date/Production batch number: listed on the packaging. **ATTI Certificate Number:**
1374
